Principal:  
**Mr O.A.G. Mooney, BA (Hons), MSc, PGCE**

Chairman of Governors:  
**Very Reverend Father Seán Larkin, PP**

St Paul's High School was established in 1966 with the aim of providing its pupils with a Christian education within the Catholic ethos.

The school is a thriving, innovative educational community of almost 1500 students of all abilities, from children with learning difficulties in our Learning Support Centre to high calibre academic achievers in our AS, A2 and Applied Post-16 courses. We have recently completed a major capital building programme which has placed St Paul's at the forefront of quality education provision in Northern Ireland. All classrooms are equipped as

standard with interactive whiteboards, and students and staff are encouraged to make the fullest use of technology for learning and teaching.

**Father Seán Larkin**  
Chairman of Governors

The school is situated on a modern campus in pleasant rural surroundings in the townland of Carrickbracken in County Armagh.

Our enrolment is 1290 with a Year 8 admission of 215.

Norbrook Pharmaceuticals Worldwide  
is our Partner for the Future.

St Paul's High School has been designated by the  
Department of Education as a Specialist College for Science.

# Principal's Welcome

## Dear Parents and Primary Seven pupils,

I am delighted to have this opportunity to offer you a brief glimpse of what school life in St Paul's is like. Every year hundreds of Primary Seven pupils and their parents deliberate on their choice of school for the next five or hopefully seven years. We believe in St Paul's that we offer the most complete option for prospective students.

St Paul's is a very special school that can offer an attractive and dependable education to every child in a family no matter what their educational achievement up to now. Boys and girls can attend the same school and learn to grow and respect each other during their teenage years in preparation for a successful adult life. St Paul's values the entire child and seeks to look after not just their educational attainment but also their physical, moral and spiritual well-being. For the academically gifted we offer a huge range of post-16 courses and an excellent gateway to third level education in universities both within the island of Ireland and also abroad.

St Paul's graduates today span the entire globe in a wide range of exciting and rewarding careers. For those whose interests and talents are concentrated elsewhere our wide range of courses offer endless possibilities for other careers, trades and professions.

St Paul's is above all else a caring school, very proud of its young people, with a dedicated staff constantly seeking to expand and improve on the facilities and opportunities that already exist for our pupils.

Furthermore we are fortunate to have a wonderful chaplain who celebrates Mass regularly in school and is always available for staff and students.

The great strength of St Paul's lies in its strong, active relationship with our surrounding community and it greatly appreciates the support from all the families and townlands that entrust their young adults to our care.

No publication or booklet can really show you the warmth and determination in St Paul's, so I invite you and your children to come along on our Open Day to view the school, talk to the teachers and most importantly have an opportunity to speak with our current students about their experience in St Paul's.

We provide excellent assistance through our qualified nurse for all those minor ailments and injuries that form part of growing up.

St Paul's is much more than a school. It is a focal point within South Armagh and has always been associated with a quality, caring education. The countless past pupils of St Paul's who speak so fondly and so proudly of their association with the school on their return with their own children is the best recommendation and guarantee I can give you for your child's future.

Personally, I am extremely happy to lead such an energetic, enthusiastic and well motivated staff and it is a great pleasure and privilege to get to know you and your children. I encourage you to leaf through these pages and see the music, drama and sport as well as the academic curriculum that is on offer and then come along and experience the reality of this publication at first hand in our state of the art facilities.

Thank you for taking the time to read and view our literature and I look forward to meeting you individually in the near future.

Yours sincerely,

**Mr Oliver Mooney**  
Principal

## Mission Statement

St Paul's High School is a Catholic Community committed to providing high quality education in an atmosphere of mutual respect where each individual is valued as an important member of our school community. We value the personal, moral, social and spiritual development of each student, encouraging respect for self and others including the core values of truth, kindness, integrity and compassion.

## Our Vision

We aim to provide equality of opportunity to a broad and balanced curriculum suited to the interests and needs of all our students. We endeavour to develop skills and capabilities to help our students grow into mature and successful adults capable of making informed and responsible choices and having the potential to make a valuable contribution to the world of work and society in general.

## Aims of the School

1. To be a community inspired by the Catholic faith, living out the Gospel values and reflecting all traditions of our Irish cultural heritage.
2. To enable all students to acquire a sense of purpose and have a good opinion of themselves by giving all access to a religious, academic, vocational, moral, social and physical education with appropriate provision for pupils with special needs in an attractive school environment.
3. To provide teachers with the necessary accommodation, equipment and continuous professional development to achieve Aim 2.
4. To involve the church, parents, education bodies, industry and the wider community in the work of the school
5. To foster a spirit of cheerful cooperation and provide a caring environment which promotes high achievement and self esteem among staff and pupils

## School Uniform

### GIRLS

Maroon blazer	Maroon crested pullover
School tie	White blouse
Trutex box-pleated, dark grey skirt*	Maroon socks or tights

(\*Year 13 and 14 girls may wear dark grey trousers)

### BOYS

Maroon blazer	Grey pullover with school crest
School tie	Grey shirt*
Dark grey or black regulation school trousers	

(\*Year 13 and 14 boys may wear white shirts)

### PE KIT

Regulation jersey, shorts and socks are available from O'Neill's Sports Store, Newry.

All items must be clearly labelled. Mouth guards are recommended.

# Visiting the School

Parental support is one of the greatest assets that children can have during their school career. Parents considering sending their child to St Paul's may visit the school with their child on Open Day when they will be given more information about the school and have an opportunity to view the school facilities.

Parent/Teacher meetings are held for Year 12 and Year 14 early in the first term and, for remaining pupils, during the second term.

Parents are welcome to visit the school. All appointments with teachers must be made through the school office.

An Educational Welfare Officer is available at the school and will visit homes when necessary.

## Pastoral Care

The main aim of the school's Pastoral Care and Positive Behaviour Policy is to support pupils in their learning and development and to ensure that our pupils are happy in school. Each class has a Form Teacher who monitors progress and provides support where appropriate. The work of the Form Teachers is co-ordinated by a Year Head who has overall responsibility for the Year Group. All teachers share responsibility for Pastoral Care and the school's Merit System is used to promote positive behaviour among pupils.

The Primary School Liaison Teacher visits each P7 class prior to their entry to St Paul's, when pupils' strengths and talents are recorded and special aptitudes of pupils are noted. We have a full-time Matron who looks after pupil health and welfare, and parents are requested to inform her of any additional medical information pertaining to their child.

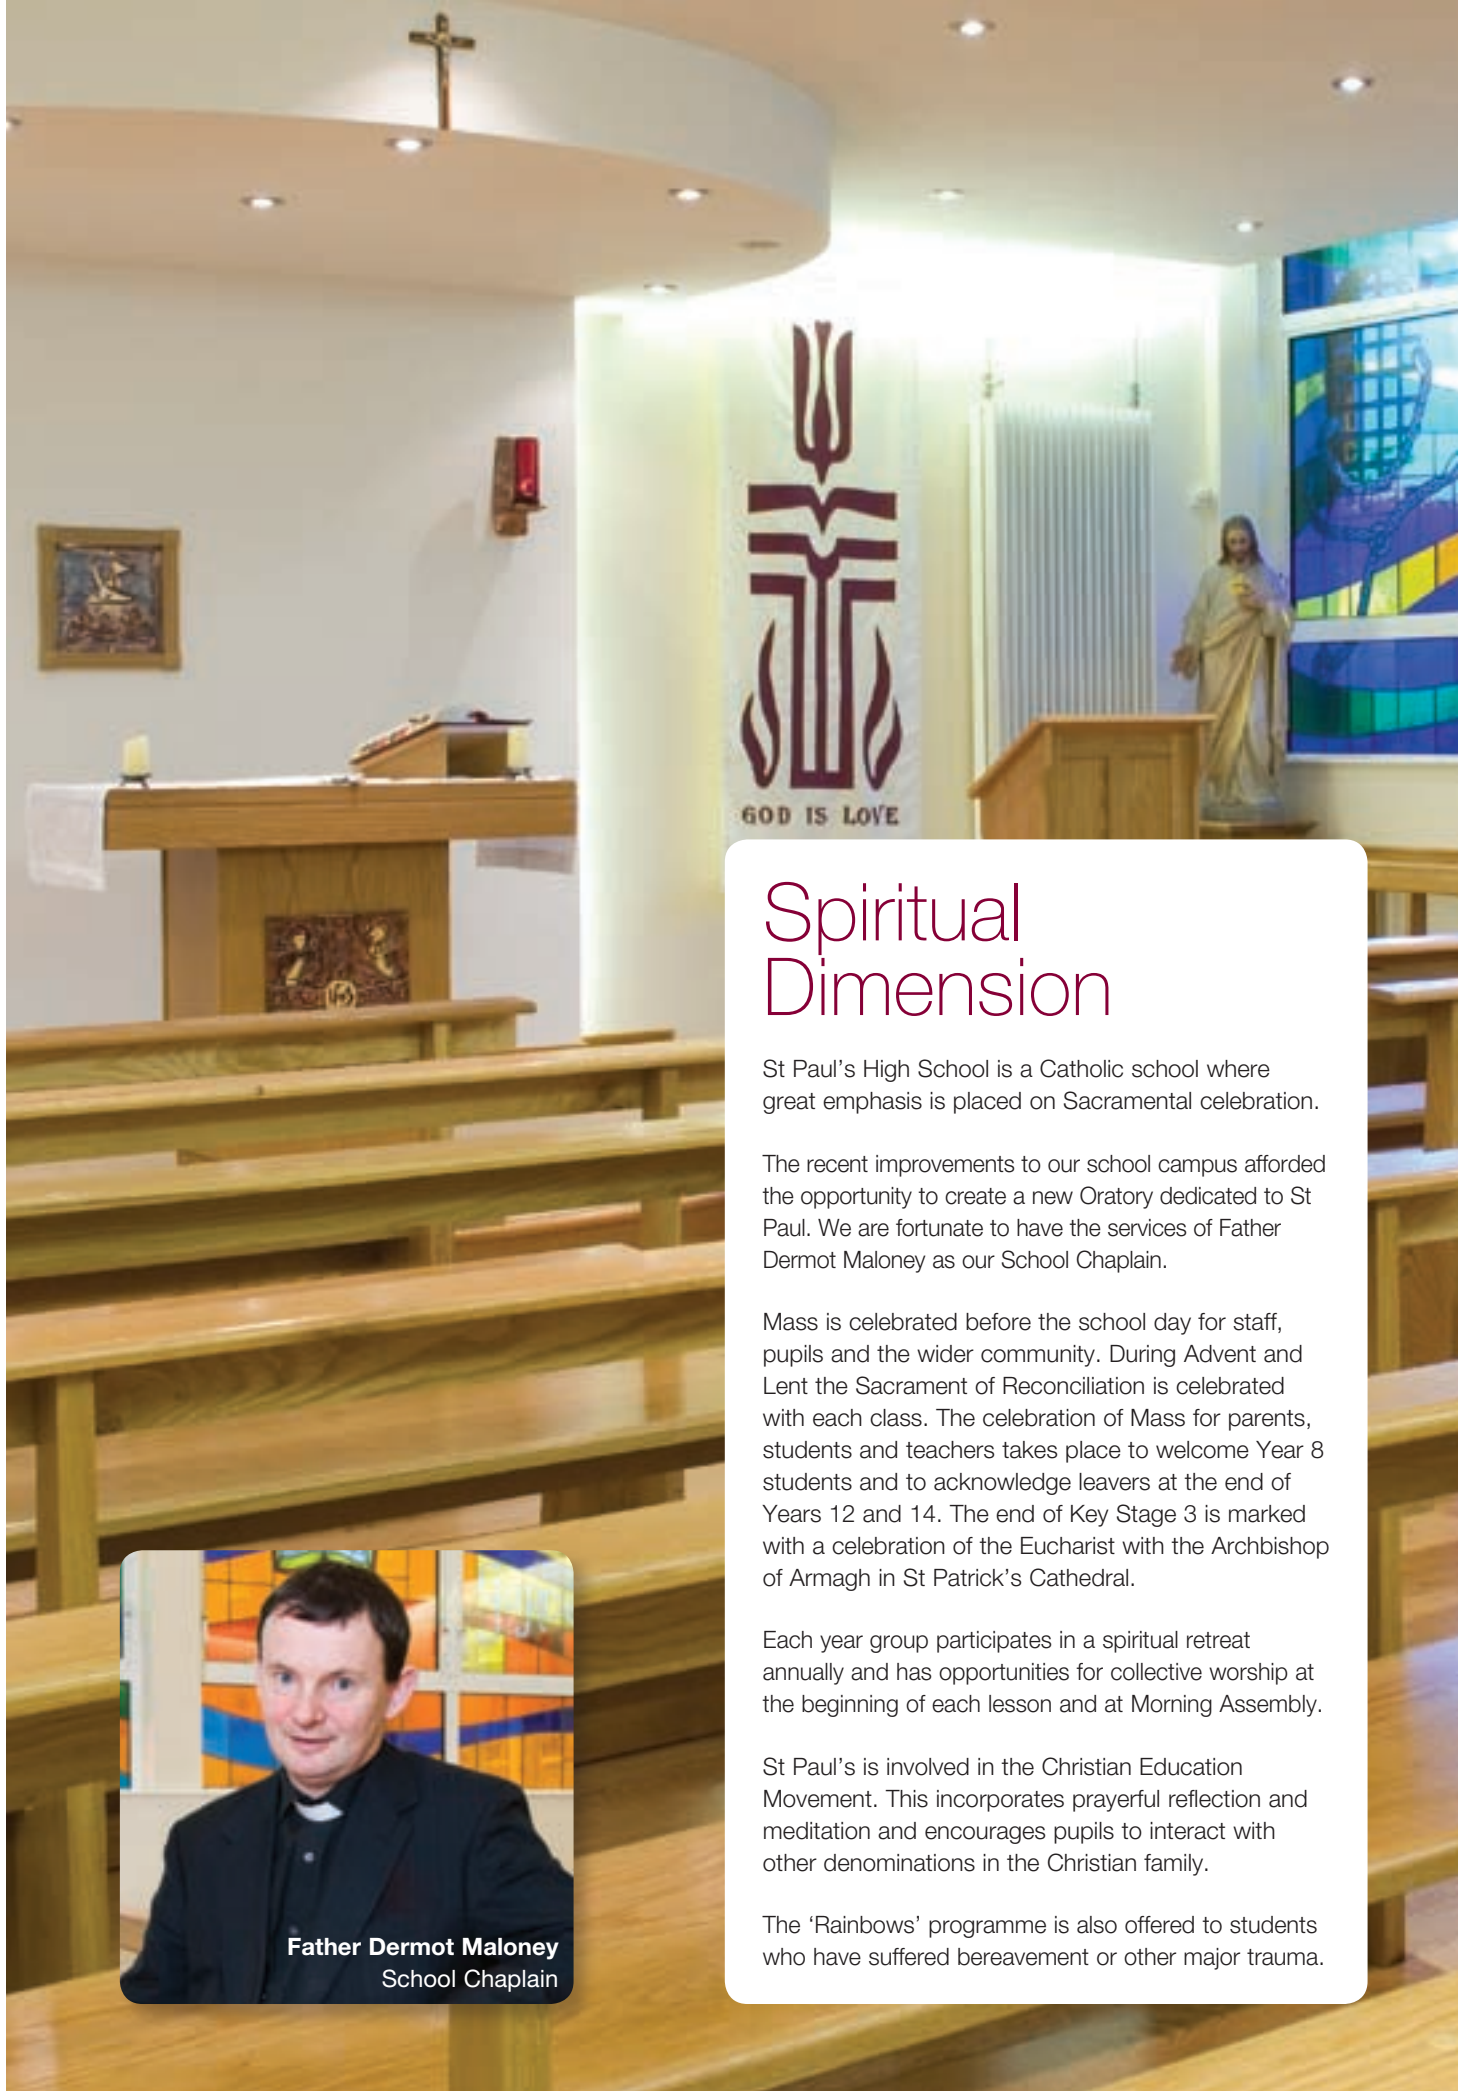

St Paul's Pastoral Care policies ensure that all pupils are catered for and supported. Pupils know who to turn to if they have any concerns about school life and each Year 8 class has a Year 13 Mentor who visits the class each day and listens to concerns they may have. All pupil and teacher mentors receive training and are committed to ensuring that Year 8 pupils have an enjoyable and safe experience of school.

### **CHILD PROTECTION PROCEDURES**

In line with DE Child Protection policy, St Paul's have a duty to refer disclosures of a child protection nature to the appropriate statutory agencies.

**Mrs Angela Meehan**  
School Matron

## Spiritual Dimension

St Paul's High School is a Catholic school where great emphasis is placed on Sacramental celebration.

The recent improvements to our school campus afforded the opportunity to create a new Oratory dedicated to St Paul. We are fortunate to have the services of Father Dermot Maloney as our School Chaplain.

Mass is celebrated before the school day for staff, pupils and the wider community. During Advent and Lent the Sacrament of Reconciliation is celebrated with each class. The celebration of Mass for parents, students and teachers takes place to welcome Year 8 students and to acknowledge leavers at the end of Years 12 and 14. The end of Key Stage 3 is marked with a celebration of the Eucharist with the Archbishop of Armagh in St Patrick's Cathedral.

Each year group participates in a spiritual retreat annually and has opportunities for collective worship at the beginning of each lesson and at Morning Assembly.

St Paul's is involved in the Christian Education Movement. This incorporates prayerful reflection and meditation and encourages pupils to interact with other denominations in the Christian family.

The 'Rainbows' programme is also offered to students who have suffered bereavement or other major trauma.

**Father Dermot Maloney**  
School Chaplain

# The School Curriculum

## Key Stage 3

The curriculum for Years 8, 9 and 10 enables each pupil to realise his or her full potential at Key Stage 3. The curriculum caters for each pupil's individual needs by offering an extensive Careers Programme in Year 10.

During Years 8, 9 and 10, pupils will have the opportunity to study the following subjects.

- Art and Design
- Careers
- Drama
- English
- French
- Environment and Society (comprising Geography and History)
- Home Economics
- Information and Communication Technology
- Irish
- Learning for Life & Work
- Mathematics
- Music
- Physical Education
- Religious Education
- Science
- Spanish
- Technology and Design

# The School Curriculum

## Key Stage 4

The GCSE core subjects are compulsory in Years 11 and 12.

- Religious Education
- English
- Mathematics
- Science (Single Award and Double Award)

The following GCSE subjects are offered to pupils in Years 11 and 12.

- Additional Mathematics
- Art and Design
- Business Studies
- Business and Communication
- Certificate in Digital Applications (CiDA)
- Construction
- Diploma in Digital Applications (DiDA)
- Drama and Theatre Studies
- English Literature
- French
- Geography
- Health & Social Care
- History
- Home Economics: Child Development
- Home Economics: Food
- Information and Communication Technology
- Irish
- Learning for Life & Work
- Music
- Physical Education
- Spanish
- Technology and Design

In addition, pupils may study BTEC Firsts in the courses listed below. These courses are offered in collaboration with Southern Regional College.

- Early Years
- E-media
- Engineering
- Travel & Tourism

All students have classes in Careers Education and Physical Education.

A young man with short brown hair, wearing a dark blue work shirt, is working in a workshop. He is holding a large, rectangular block of material, possibly a piece of wood or a composite material, and is using a hand plane to smooth its surface. The workshop has a high ceiling with industrial lighting and metal beams. The background is slightly blurred, focusing attention on the student and his work.

## Alternative Vocational Curriculum

Many pupils in Years 11 and 12 avail of the opportunity to pursue curriculum initiatives established between St Paul's and Training Agencies.

These initiatives enable students to begin their transition to the world of work. They benefit greatly from their experiences, leading to an increase in self-esteem and enhancement of their self-confidence.

Each initiative offers the individual student external accreditation. In addition, and in consultation with parents, individualised work-related packages can be arranged that fulfill Department of Education guidelines.

**Alternative Vocational Programmes currently being offered at St Paul's.**

**Career sampling programme** - Newry City Institute, one day per week over two years, leading to CCEA's Occupational Studies qualification.

**Work experience** - One day per week in work placement over one year, leading to certification.

**S.T.E.P.S.** - (Schools Training Education Partnership Scheme) a five-day week, work related and work based programme in Year 12, leading to a wide range of external accreditation.

**XL Programme** - A half-day per week programme over two years, focusing on life skills and leading to accreditation.

**Essential Skills Level 1 and 2 in Communication, Application of Number and ICT.**

**Learning for Life & Work**

**CCEA Entry Level Accreditation in Technology, Art & Design and Religious Education.**

# The School Curriculum Years 13 & 14

Year 13 pupils are offered a choice from the following list:

	AS Level	A2 Level	Applied	BTec
Art and Design	◆	◆		
Biology	◆	◆		
Business Studies	◆	◆	◆	
Construction in the Built Environment				◆
Chemistry	◆	◆

Sociology	◆	◆		
Spanish	◆	◆		
Sport: Performance & Excellence				◆
Technology	◆	◆		

In Year 14 students are expected to study at least three of their AS subjects to A2 level.

Pupils in Year 13 also undertake curriculum enrichment modules including Religious Education, Physical Education and have the opportunity to achieve an E.C.D.L. (European Computer Driving License).

Pupils who are interested in working with children in a nursery environment are offered the opportunity to study CACHE (Level 2 Diploma in Childcare and Education).

St Paul's High School welcomes students for Post-16 study provided they meet certain criteria and we can meet their subject requirements.

For further information about courses available at Post-16 please contact the school office for a copy of our Post-16 Prospectus.

# Careers & Employability

Careers Education and Guidance plays a significant role in the full development of the student.

The aim of the department is to provide information and knowledge of a wide range of career paths and to enhance students' awareness of their achievements, skills, qualities and capabilities.

Career research is a prominent aspect of the careers programme and each student can access information from various computer packages and the internet.

From Year 10 all students have Careers time set aside in a well equipped, modern careers suite and are taught by qualified staff. This expertise is supplemented by the Career Service, university personnel and various experts from the world of work.

Education for Employability is delivered through the Learning for Life & Work programme at St Paul's with an aim of ensuring that all our pupils develop the personal qualities, skills, knowledge, understanding and attitudes which will give them a strong foundation for lifelong learning and work.

We are proud to be one of only 19 schools in Northern Ireland that has been recognised with an Employability Status Award by the Council for Curriculum, Examinations and Assessment (CCEA).

## The Learning Support Centre

The Learning Support Centre delivers the National Curriculum to students with moderate learning difficulties and who hold a statement of Special Educational Needs. Students share the resources, physical and human, that the school has to offer and are integrated with their peers in mainstream, both socially and academically.

There is a holistic approach to the education of each child which offers opportunities to achieve full potential in a caring, secure environment. Students are entered for public examinations when appropriate. Close links are maintained with other schools in the SELB area and students regularly participate in 'inter-schools' competitions.

There is a comprehensive 'Leavers Programme' incorporating vocational skills sampling in collaboration with Southern Regional College and employment based work experience. Close links have been established with prospective employers and 'Training for Employment' agencies.

## Achievements and Assessments

St Paul's High School prides itself in enabling our pupils to achieve their personal best. Monthly assessments are the basis for monitoring and evaluating pupil academic progress. Examinations take place at the end of each school year and parents receive a Statement of Results and a detailed report with individual teacher comments.

Great emphasis is placed on celebrating success of every kind. Annual Prizegiving takes place in the Autumn Term where GCSE and A Level awards are presented.

Key Stage 3 achievements are recognised at a separate Junior Prizegiving ceremony.

Gradam Naomh Pól is a distinctive award system where pupils are nominated and rewarded for achievements which take place outside school.

An annual Sports Awards ceremony recognises our many successes at local, provincial and national level in the wide range of sports and games catered for at St Paul's.

# Sports

Participation in a wide variety of sporting activities is central to life at St Paul's and students are taught a diverse range of physical skills which can be used in a constructive manner at school and in their communities. Students are taught that frequent physical activity will benefit both their quality of life and general health.

All students in Years 8 – 12 are expected to take part in Physical Education classes. There are also opportunities for the students to take part in extra-curricular activities many of which are sports orientated.

The benefits gained by students through their involvement is immense. The programme of study for students aged 14 – 18 has been supplemented with G.C.S.E. and A Level Physical Education, as well as BTec Sport: Performance & Excellence.

Students are encouraged to develop their creative and expressive talents through individual activities such as athletics, dance, outdoor pursuits, gymnastics and swimming.

The appreciation of the traditional Irish games of Camogie, Hurling, Handball and Gaelic Football is one of the cornerstones upon which the Physical Education programme is founded. These traditional activities are complemented by activities such as Netball, Basketball and Dance and teams representing the school in these activities have brought local, provincial and national success to St Paul's.

### SPORTS AVAILABLE TO STUDENTS IN ST PAUL'S

- Athletics
- Basketball
- Camogie
- Dance
- Girls' Football
- Handball
- Netball
- Outdoor Pursuits\*
- Soccer
- Squash \*
- Table Tennis
- Unihoc
- Badminton

- Cross Country Running
- Gaelic Football
- Gymnastics
- Hurling
- Orienteering\*
- Racquet Ball \*
- Soft Ball \*
- Swimming \*
- Tennis
- Volleyball

\* offered off-site

## Music

St Paul's High School supports a vibrant and enterprising Music Department which aims to offer a diverse experience of music to each student. It also enjoys 100% success rate at GCSE, AS and A2 level.

All students have the opportunity to take up a musical instrument and to cater for this we have a large peripatetic staff providing individual and group tuition in voice, strings, woodwind, brass and piano, guitar, percussion and drum kit. Students are prepared for the grade examinations of the Associated Board of the Royal Schools of Music in both practical and theory.

The Music department places great emphasis on extra curricular activities and students are encouraged to take part in all of these. We are proud of our Orchestra, Choir, Chamber Choir, Mixed Choir, String Quartets, Traditional Irish Groups, Woodwind Ensembles and many other ad hoc ensembles.

Each year the Music department undertakes a full and challenging programme of competitions and concerts as well as performances at our annual Prizegiving ceremony, Open Day and liturgical celebrations.

Our musicians also contribute regularly to many community and charity events and have been broadcast on television and radio, both locally and abroad. Musical productions are staged biennially in conjunction with the Drama department.

At present, music facilities include three dedicated Music rooms, five practice rooms, a Music Technology suite and a recording studio. Each practice room contains a piano. Students can use the practice rooms before and after school and during study periods in Sixth Form.

## Drama

The Drama department at St Paul's continues to flourish.

Our sell out performances of 'Viva Mexico' (2006) and 'Oklahoma' (2008) bear testimony to the talent, enthusiasm and skill of both staff and pupils.

An after-school Drama club provides budding performers with the opportunity to learn the many different elements of theatre and stage production.

Drama and Theatre Studies is taught discretely at Key Stage 3 and is a GCSE and A Level option.

# Rodgers & Hammerstein's **Oklahoma!**

# Extra-curricular Activities

St Paul's has a tradition of taking part in extra-curricular activities providing pupils with opportunities to enhance their self-esteem and to strengthen friendships outside of the school environment.

These activities include residentials to Killowen Outdoor Education Centre and East Coast Education Centre.

## OUTDOOR EDUCATION

- Abseiling
- Canoeing
- Hill Walking
- Rock Climbing
- Bouldering
- Field Trips
- Orienteering
- Sailing

## EDUCATIONAL TRIPS INCLUDE

- Ski-trip to European resorts
- Visits to the theatre
- Outdoor pursuits
- Geography field work
- Trips to historical locations
- Annual Year 8 trip to Pantomime
- Visits to Irish language colleges in the Donegal Gaeltacht
- Trips to England, Scotland and France

## EXTRA-CURRICULAR ACTIVITIES

- Drama
- Dance
- Summer courses
- Chess
- Creative writing competitions
- Concerts
- Theatre visits
- Mummers
- CREST Awards

## Specialist College for Science

The Department of Education designated St Paul's High School a Specialist College for Science in September 2008.

This prestigious award demonstrates the commitment of St Paul's to excellence and to collaborative working with our partner primary and post-primary schools and to the wider community, which will ultimately enrich the learning experiences and opportunities for all young people in the area.

Specialist Status will allow us to continue to develop educational links with our partner schools to afford pupils opportunities in Science, Technology, Engineering and Mathematics (STEM). It will allow for sharing good practice with our schools and through collaboration arrangements will assist in the development of Science for all.

We are proud of our status as a specialist college and we are confident in offering an educational system which meets the needs of our children, our society and our economy in the 21st century.

## Our Partner for the Future

Norbrook Pharmaceuticals Worldwide formally became our major school partner and sponsor in November 2007.

This unique collaboration has created opportunities to enhance, enrich and increase interest and motivation for all. Our motto is 'Partnership in Education' and Norbrook has pledged significant financial support which will enable further innovative development in Science within the school and beyond.

## Community and Cultural Awareness

St Paul's staff and students are fully committed to involvement in community activity and cultural awareness.

During the school year fund-raising is organised regularly with many local and national charities receiving significant donations as a result of our students' hard work and the generosity of the wider community.

A link has been established with St Patrick's Missionary Society, Kiltegan and with their communities in Londiani, Kenya and São Paulo, Brazil.

To increase civic awareness among students within Sixth Form, an aid mission to the orphanages and hospitals of Romania is organised annually in collaboration with St Patrick's College, Dungannon and St Patrick's High School, Lisburn.

St Paul's has a long and established link with Newry Gateway Club and hosting their annual Christmas party is something which our students enjoy immensely.

The St Vincent de Paul Society is a vibrant part of student life. A link has been established with Avila Nursing Home in Bessbrook and our society regularly visit and entertain the residents. The members also engage in fund-raising and each class provides Christmas hampers for the society to distribute accordingly.

# Admissions Criteria

The Principal on behalf of the Board of Governors will apply the criteria listed below to identify which children will be admitted to Year 8. In selecting children for admission, children resident in Northern Ireland at the time of their proposed admission to the school will be selected before any child not so resident.

Application for admission to St Paul's High School will be divided into two categories A and B.

All applications will be considered but applications belonging to category A will be given preference over applications belonging to category B. If the school is oversubscribed decisions on admission will be made according to the following criteria in the order set down 1-6 in category A and 1-2 in category B.

## CATEGORY A

- 1 Applications from pupils who normally reside in the traditional catchment area of the school namely:
  - (a) Parish of Lower Killeavy
  - (b) Parish of Loughgilly
  - (c) Parish of Dromintee
  - (d) Parishes of Upper or Middle Killeavy provided they attend Cloughoge Primary or Killean Primary or St Joseph's Primary Meigh
  - (e) Newtownhamilton part of Lower Creggan Parish that traditionally contributes to St Paul's High School
  - (f) Cladybeg part of Ballymacnab Parish, that traditionally contributes to St Malachy's PS Ballymoyer, Co Armagh.

*The above named parishes are not listed in any order or priority.*
- 2 Applications from pupils whose parent/guardian is a permanent employee of the school.
- 3 Pupils whose brother, sister, half-brother or half-sister is enrolled at the school under the Transfer Procedure.
- 4 Applications from pupils who normally reside in the part of the parish of Newry that lies west of the railway line and who attend St Peter's Primary School in Lower Killeavy parish or St Malachy's Primary School in Middle Killeavy parish.
- 5 Applications from:
  - (a) Pupils who normally reside within 200 metres East of the Chancellor's Road and who attend St Peter's Primary School in Lower Killeavy parish or St Malachy's Primary School in Middle Killeavy parish.
  - or
  - (b) Pupils who normally reside West of the Chancellor's Road and who attend St Peter's Primary School in Lower Killeavy parish or St Malachy's Primary School in Middle Killeavy parish.
- 6 Applications from pupils who reside in the parish of Upper or Middle Killeavy provided they attend St Malachy's Primary School in Middle Killeavy parish.

## CATEGORY B

- 1 Applications from pupils whose parent/guardian is a past pupil of St Paul's High School.
- 2 All other applicants.

In the event of over-subscription within any of the above criteria the following sub-criterion will be applied to determine which children should be admitted:-

Pupils who live closest to the school as measured in a straight line from their place of residence to the school on an OS map.

## VERIFICATION

The Board of Governors reserves the right to require such supplementary evidence as it may determine to support or verify information on any application form/Transfer Form.

The provision of false or incorrect information or the failure to provide verifying documents according to the required deadline may result in either the withdrawal of a place or the inability of a school to offer a place.

## ADMISSIONS TO YEARS 9 - 12

Pupils will be considered for enrolment providing that their admission:

- (a) would not cause the school to exceed its enrolment number as determined by the Department of Education; class sizes, including practical class sizes as determined by the Department of Education would not be exceeded.
- (b) would not prejudice, in the opinion of the Board of Governors, the efficient use of the school's resources.

If at the time of the consideration of the application, there are more eligible applicants than places in a particular year group available, then the admission criteria to Year 8 will be applied to select pupils to fill available places.

## Invitation

Parents and P7 pupils are welcome to visit St Paul's on one of our Open Day to meet the teachers and to view our school.
